

Dear Parents and Guardians :

Please be aware that we have 24 buses picking up students at dismissal. The buses pick up in front of our building in waves. The first 15 buses park in front of the building and are ready to go at dismissal. The next 9 buses wait in the upper lot as the second wave. This is a very busy time in the parking lot. We have a number of buses moving with limited space. The 24 buses are gone in about twelve minutes. Picking your children up between 2:30 and 2:45 is not advisable. There is no place to stop without blocking parked cars or making it difficult for buses to move. Also, students can be in dangerous situations attempting to get into cars. **The front of the building is clear for student pick-up from 2:45 on. We implore you to wait until that time to pick up your child.** Our aim is to keep everyone safe.

Thank you for your cooperation.

Sincerely,
Susan Elliott
Principal
