A 5-WEEK PROGRAM – ALL COURSES MEET FOR ONE HOUR
Register early to avoid filled classes and to take advantage of reduced fees.

DATES       Monday, July 1, 2019 – Friday, August 2, 2019
TIME        8:30 a.m. – 11:30 a.m.
FEE          Before Friday, May 24th: the cost of the full program is $1,050
            the cost per course is $350
            After Friday, May 24th: the cost of the full program is $1,251
            the cost per course is $417
LOCATION     All classes are held at North Middle School, 77 Polo Road, Great Neck, NY
TRANSPORTATION The district provides transportation from home before period 1 and to home after period 3. Bus schedules and stops are attached to this brochure and available online. Bus shuttles are available between programs for students attending a GNPS Recreation camp between periods.
ELIGIBILITY Students who legally reside within the Great Neck School District and will be entering grade 5, 6, 7, 8, or 9 in September 2019 are eligible for the Summer Enrichment Program.
REGISTRATION Apply online! (www.greatneck.k12.ny.us/summer)
           OR fill out the enclosed application form and return it by mail.
           In-person registration is available in the Recreation Dept. at Phipps until 6/26.
           As of 6/27, in-person registration will be in the Summer School office.
REFUNDS      No refunds after May 31st. A $50 processing fee will be applied.
FINANCIAL AID The financial aid rate is $610 per child for those whose household income meets the Federal Income Guidelines. Call 441-4045 for info. Online registration is not available for financial aid.

For questions during the Spring, email is the quickest way to reach us until the summer office is open in June. summerenrichment@greatneck.k12.ny.us
ENRICHMENT COURSES • JULY 1 – AUGUST 2 • ALL COURSES MEET FOR ONE HOUR

Please note that times and course offerings are subject to change based on enrollment.

ENGLISH & READING

ENGLISH 6
Sharpen your reading and writing skills to prepare for the rigors and high expectations for success in 6th grade ELA. We will review skills such as vocabulary development, sentence structure, as well as paragraph and essay writing (Period 1, 2, or 3).

ENGLISH 7
Are you full of drama? Do you wish you could bring characters to life? In this class, you can do just that! We will come together to perform and analyze texts, while also improving our own reading, listening, and speaking. Come be inspired! (Period 1, 2, or 3).

ENGLISH 8
Explore mysteries in fiction and become a critical-thinking detective with the writing and research skills of Sherlock Holmes. Read and perform plays to gain a better understanding of literary analysis! (Period 1 or 2).

ENGLISH 9
Read and discuss literature on a high school level to sharpen your analytical skills. Set up literary situations including a Shakespearean duel and a murder mystery to connect the time & text. Write expressively—with confidence!—to know that you are ready for high school (Period 2 or 3).

POWER THROUGH READING 6
Prepare for middle school ELA by learning strategies for improving reading comprehension and analysis, making inferences, determining central ideas and themes, drawing conclusions, making annotations, using context clues to determine the meaning of words, and finding text evidence to support claims (Period 1 or 3).

POWER THROUGH READING 7
Have fun this summer learning some of the secrets to making reading and comprehending simpler. Find your learning style and how to make learning easier. Participate in exciting class discussions. Don’t be left out! (Period 1 or 2).

POWER THROUGH READING 8/9
Make sure you’re ready for high school with this introductory course. Learn and practice skills that make literary analysis and reading comprehension easier for you (Period 3).
ENRICHMENT COURSES • JULY 1 – AUGUST 2 • ALL COURSES MEET FOR ONE HOUR

Please note that times and course offerings are subject to change based on enrollment.

ARTS, COMPUTERS, & TECHNOLOGY

ARCHITECTURE
Learn the fundamentals of residential design. Design a one-story home to scale. Use Computer Aided Design software to render professional-style designs (Period 3).

CLAYMATION
Make your own animated film from start to finish! Create stories with clay sculptures that come to life with iStop and iMovie on the iPad! (Period 2).

CLAY CREATIONS
Explore the art of clay! Learn specific techniques to create a vase, jewelry box, small animal sculptures, and a Pop Art cupcake! (Period 3).

COMIC LIFE
Create your own comics! Write your own stories and use Comic Life 3.0 to bring them to life (Period 1).

COMPUTER ART GRAPHICS
Dabble in multimedia-based art. Create exciting artwork on the computer (Period 3).

COOL JEWELS
Learn to make trendy bracelets, necklaces, and hair accessories. End the summer with 10 new and stylish items to wear to school in the fall (Period 2).

CREATIVE CRAFTS
Discover hands-on craft methods and techniques for papier-mâché, weaving, basketry, and basic clothing and jewelry design (Period 3).

DISCOVER SCULPTURE
Work with clay, papier-mâché, and wire. Create action figures, mobiles, and more (Period 1).

DRAWING THE WORLD AROUND YOU
Nobody sees the world the way that you do. Share your own unique point of view. Gain confidence in your art and learn the five basic drawing skills (Period 2).

FUN WITH FILMMAKING!
Learn the basics of TV and media production in a modern, professional studio. Make game shows, talk shows, music videos, and more! (Period 1, 2, or 3).

GADGETS AND GIZMOS
Design and build model cars, boats, and hovercrafts, and engineer a Rube Goldberg maze (Period 1 or 3).

HOLLYWOOD HERE I COME!
Learn and practice star- and stage-quality acting skills (Period 3).

IMPROV! (Grades 8 and 9)
Study the fun of improv at a deeper level; for incoming eighth and ninth graders only (Period 1).
ENRICHMENT COURSES • JULY 1 – AUGUST 2 • ALL COURSES MEET FOR ONE HOUR

Please note that times and course offerings are subject to change based on enrollment.

LEARN TO CODE
Learn the basics of computer coding using the NAO Robot and Choregraphe software. We will start with simple drag-and-drop coding and work our way up to more complex languages, such as Python, C++ and JavaScript. No experience necessary! (Period 1, 2, or 3).

MANGA ANATOMY
Draw and create comics and cartoons in the popular Japanese Manga style. Practice drawing the human head and figure, an essential skill for the aspiring mangaka, with step-by-step instructions! (Period 1).

PAINTING: TECHNIQUES OF THE MASTERS
Learn the secrets of the Masters of Art such as Monet and Georgia O’Keeffe… 5 artists in 5 weeks! (Period 3).

ROBOTICS
Design, build, and operate your own mechanical robot out of Legos. Become the Lego robot master! (Period 1 or 2).

ROCKETRY
Build and launch model rockets (Period 1 or 2).

3D PRINTING
Experience Computer Aided Design from start to finish! You will use 3D printing to be an architect, video game developer, product developer, and artist! (Period 2).

SCIENCE

ENRICHMENT BIOLOGY
Preview the high school biology curriculum! Learn the basics of living things, including cells and the human body systems (Period 1 or 3).

ENRICHMENT EARTH SCIENCE
This course will prepare you for the rigorous 8th grade Earth Science curriculum (Period 1, 2, or 3).

ENRICHMENT PHYSICS
Build on your physics lab skills in this introductory course. You will learn about motion, angles, and what makes things move (Period 2).

FORENSIC SCIENCE
Learn the scientific processes and procedures involved in solving crimes, including fingerprinting, DNA analysis, document authentication, and more! (Period 2).

SCIENCE 6
Prepare for 6th grade science! This hands-on course will preview what you will learn in the fall through hands-on experiments and lab-work activities. (Period 3).

SCIENCE 7
Prepare for 7th grade science! Explore basic biology concepts in lab. Learn about classification of organisms, cell structure, the human body, and more! (Period 1).
<table>
<thead>
<tr>
<th>Course</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>BECOMING A 6th GRADER</strong></td>
<td>Learn the valuable skills you need to start middle school on the right track! We will cover major skills for core sixth grade classes, preview major thematic units, and navigate Google Suite and popular iPad apps. (Period 1)</td>
</tr>
<tr>
<td><strong>BECOMING A 7th GRADER</strong></td>
<td>Seventh grade is a brand new adventure! Get ready to make a successful transition from 6th to 7th grade. We will learn important academic and organizational skills, subject-specific themes, iPad apps, and more! (Period 2)</td>
</tr>
<tr>
<td><strong>BEGINNER CHESS</strong></td>
<td>Learn the basics of the timeless game of chess. Players of any level will learn the rules and strategies to become a chess master! (Period 3).</td>
</tr>
<tr>
<td><strong>BULLS, BEARS &amp; DREAMS</strong></td>
<td>How would you invest $100,000? Learn about the “Bulls” and “Bears” of the stock market. Follow your personal portfolio daily and learn how to buy, sell, and hold stocks (Period 2).</td>
</tr>
<tr>
<td><strong>BUSINESS PROJECT</strong></td>
<td>Create a real-life practical business plan for your own community. Practice roles of actual small businesses, including architecture, CEO, accounting, marketing, advertising, &amp; interior design (Period 1).</td>
</tr>
<tr>
<td><strong>CRAFTING FOR CHARITY</strong></td>
<td>This community-action style class will help make your summer more meaningful. Participate in volunteer work that will expand your horizons, foster meaningful relationships, and help those in need (Period 1).</td>
</tr>
<tr>
<td><strong>D.I.Y. COOK, CRAFT, CREATE</strong></td>
<td>Join in on the popular world of DIY (do it yourself) project fun! Learn how to make fun and simple projects such as recipes, accessories, gadgets, and more! (Period 1, 2, or 3).</td>
</tr>
<tr>
<td><strong>FIRST AID</strong></td>
<td>Learn about first aid, safety, and injury prevention from head to toe. All participants will receive a two-year certification from the American Heart Association in CPR/AED for Adult, Infant, and Child! (Period 1, 2, or 3).</td>
</tr>
<tr>
<td><strong>GOURMET DELIGHTS</strong></td>
<td>Create mouth-watering recipes daily (Period 1, 2, or 3).</td>
</tr>
<tr>
<td><strong>MAXIMUM MEMORY</strong></td>
<td>Want to ace all your tests? Learn the secrets to quickly and permanently remembering information! (Period 2).</td>
</tr>
</tbody>
</table>
## ENRICHMENT COURSES • JULY 1 – AUGUST 2 • ALL COURSES MEET FOR ONE HOUR

*Please note that times and course offerings are subject to change based on enrollment.*

<thead>
<tr>
<th>Course</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>SEWING AND SUCH!</strong></td>
<td>Learn how to use a sewing machine while making practical, creative projects (Period 1, 2, or 3).</td>
</tr>
<tr>
<td><strong>SPEECH CRAFT:</strong> INTRODUCTION TO PUBLIC SPEAKING</td>
<td>How we communicate with others is central to our satisfaction, fulfillment, and success in life. Activities include rap, pantomime, talk show, improvisation, and a mock trial (Period 2).</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>SOCIAL STUDIES AND LAW</th>
<th></th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>THE LAW AND YOU</strong></td>
<td>Learn courtroom procedures through mock trial (Period 3).</td>
</tr>
<tr>
<td><strong>HISTORY’S MYSTERIES</strong></td>
<td>Where is Cleopatra’s tomb? Who killed JFK? In this class, you will explore famous historical mysteries and reinforce your research skills! (Period 3)</td>
</tr>
<tr>
<td><strong>SOCIAL STUDIES 6</strong></td>
<td>Focus on geography, time, people, and places along a historical continuum from the dawn of prehistory to European exploration of the New World. Explore the changes in our world across time and the influences of ancient cultures and European ideas on western civilization and current events (Period 3).</td>
</tr>
<tr>
<td><strong>SOCIAL STUDIES 7</strong> (American History 7)</td>
<td>Get ready for success in the first year of a two-year sequence focusing on United States history. Cover topics such as the colonization of North America, the American Revolution, the writing of the U.S. Constitution, and the Civil War. We will continually evaluate current events as they relate to history to help students become global citizens (Period 2).</td>
</tr>
<tr>
<td><strong>SOCIAL STUDIES 8</strong> (American History 8)</td>
<td>Compare the geography of the USA to the world at large to foster a greater appreciation of our country and the rest of planet Earth. This class will focus on civics education, structure of government, as well as research skills and the elements of the 8th grade social studies curriculum (Period 1).</td>
</tr>
<tr>
<td><strong>SOCIAL STUDIES 9</strong> (Global History 9)</td>
<td>Trace the path of global history and the events that matter to our world today. Explore the birth of civilization and the development of the world’s major religions. Get in shape for your high school Global courses by practicing your writing, geography, and primary source analysis skills (Period 1, 2, or 3).</td>
</tr>
</tbody>
</table>
ENRICHMENT COURSES • JULY 1 – AUGUST 2 • ALL COURSES MEET FOR ONE HOUR

Please note that times and course offerings are subject to change based on enrollment.

**MATHEMATICS**

**CREATIVE PROBLEM SOLVING:**
**MATH**
Examine strategies and methods for solving a variety of Math Olympiad-type problems (Period 1).

**MAGIC OF MATH**
Strengthen computation and problem-solving skills through puzzles, games, and mental math strategies (Period 3).

**INTRO TO MATH 6**
Get ready for rigorous middle school math! Topics include: solving problems involving ratio and rate; operations with fractions and decimals; expressions and equations; statistics; and developing problem-solving skills involving real-world situations. (Period 1, 2, or 3).

**INTRO TO EP MATH 6**
Get a head start on the problem-solving skills needed to succeed in rigorous EP Math 6! Topics include: integer operations; solving algebraic equations and inequalities; the concept of a function; ratios and proportional reasoning; percents; and statistics. (Period 2)

**INTRO TO MATH 7**
Get ready for 7th grade! Topics include: translating word phrases and sentences into mathematical expressions; integer operations; solving and graphing equations and inequalities; functions; percents; ratios and proportional reasoning; and statistics. (Period 1 or 3).

**INTRO TO PRE-ALGEBRA (EP 7)**
Gain the problem-solving skills to succeed in rigorous Pre-Algebra! Topics include: solving linear equations and their systems; concepts of functions and using functions to describe quantitative relationships; analyzing two- and three-dimensional space; and applying the Pythagorean theorem. (Periods 1 or 3).

**INTRO TO MATH 8 (PRE-ALGEBRA 8)**
Set yourself up for success with a preview of 8th grade math! Topics include: solving linear equations and their systems; concepts of functions and using functions to describe quantitative relationships; analyzing two- and three-dimensional space; and applying Pythagorean theorem. (Periods 2 or 3).

**INTRO TO ALGEBRA I (MATH 9)**
Get a head start this summer on Algebra 1! Topics include: solving multi-step equations and inequalities; working with and graphing a variety of different types of functions; solving word problems involving both functions and systems of equations; and using a graphing calculator efficiently (Period 1 or 2).

**NOTES**

- Only for incoming 6th graders who are enrolled in Math 6.
- Only for incoming 6th graders who are enrolled in EP Math 6.
- Only for incoming 7th graders who are enrolled in Math 7.
- Only for incoming 7th graders who are enrolled in Pre-Algebra (EP Math 7).
- Only for incoming 8th graders enrolled in Pre-Algebra 8 (Math 8).
- Only for incoming 9th graders OR incoming 8th graders enrolled in Algebra 1.
ENRICHMENT COURSES • JULY 1 – AUGUST 2 • ALL COURSES MEET FOR ONE HOUR

Please note that times and course offerings are subject to change based on enrollment.

**INSTRUMENTAL MUSIC**

**BEGINNER MUSIC**

**WOODWINDS & STRINGS**
(Grades 4-9)

Learn to play a string or woodwind instrument. No previous music background required (Period 3).

**BEGINNER BRASS**
(Grades 4-9)

Learn to play a brass instrument. No previous music background required (Period 1).

**MAKE MUSIC: BAND**

Intermediate Program – play your musical instrument in a band. Learn pop, jazz, and classical pieces and perform in a concert (Period 2).

**MAKE MUSIC: ORCHESTRA**

Intermediate Program – play your musical instrument in an orchestra. Learn pop, jazz, and classical pieces and perform in a concert (Period 2).

**AFTERNOON MUSIC**

**JAZZ BAND**..............12:30-2:00 p.m.
Students in grades 6-12 (or by audition), who play flute, clarinet, saxophone, trumpet, trombone, baritone horn, piano, electric guitar, bass/tuba and drum set. *Monday-Thursday ONLY!*

**CHAMBER MUSIC**......2:30-4:00 p.m.
Open to all string, woodwind, brass and percussion students in grades 6-12 or NYSSMA level 4,5,6. *Monday-Thursday ONLY!*

ALL STUDENTS WILL PERFORM IN A CONCERT AT THE END OF THE 5-WEEK PROGRAM
A SEPARATE APPLICATION FOR AFTERNOON MUSIC IS INCLUDED IN THIS BROCHURE

* TRANSPORTATION WILL BE PROVIDED AT 2:00 P.M. AND 4:00 P.M. *

**AFTERNOON – MUSICAL THEATER**

**JULY 1 – AUGUST 2 (11:45 a.m. – 2:45 p.m.)**

* Five exciting fun-filled weeks of show-stopping daily acting, singing, and movement classes, culminating with a fully-staged musical theater production! *

Appropriate for students entering grades 5 – 9.

A SEPARATE APPLICATION FOR MUSICAL THEATRE IS INCLUDED IN THIS BROCHURE.

* TRANSPORTATION WILL BE PROVIDED AT 2:45 P.M. *
ENRICHMENT PROGRAM
MONDAY, JULY 1, 2019 – FRIDAY, AUGUST 2, 2019
