Principal

Daniel Isaac,
Assistant Principal

Visit our website: www.greatneck.k12.ny.us/summer

A 5-WEEK PROGRAM – ALL COURSES MEET FOR ONE HOUR

DATES	Tuesday, July 5, 2022 – Friday, August 5, 2022
TIME	8:30 a.m. – 11:30 a.m.
LOCATION	SOUTH HIGH SCHOOL, 341 Lakeville Road, Great Neck, NY
FEE	EARLY BIRD FEE: Monday, 4/11 – Friday, 5/13 the full program cost is \$1,113 (or \$371/course)
	REGULAR FEE: From Saturday, 5/14 – Friday, 6/3 the full program cost is \$1,326 (or \$442/course)
REGISTRATION	Online ONLY: www.greatneck.k12.ny.us/summer Deadline: Friday, June 3rd (no exceptions)

You **MUST** have a user name and password through the **FamilyID system** to register; this is NOT the same login information as the parent portal. To create an account, go to our website (see above) and click on the tab "FamilyID Instructions". Payment options and directions will appear on the payment screen. *There is a 3.95% service charge added to all credit card payments.* If you wish to pay by check instead, make sure to follow directions listed for check payments on the payment screen.

TRANSPORTATION The district provides transportation from home **before period 1** and to home **after period 3**. Bus passes will be emailed to you before the program begins. Shuttle buses from GNPS Recreation Camp sites will be available for students taking Beginning Music (Pd. 3 **ONLY**).

ELIGIBILITY Students who legally reside within the Great Neck Public Schools District and will be entering grades 1-9 in September 2022 are eligible for the Summer Enrichment Program.

REFUNDS **No refunds after June 3rd.** A \$10 processing fee will be applied.

FINANCIAL AID A financial aid rate of \$630 per child is available for district households currently on Food Services' Medicaid/SNAP eligibility list **or** for families recommended by building principals and social workers. Strict confidentiality will be maintained. Call 441-4045 for questions.

For fastest response, email us at summerenrichment@greatneck.k12.ny.us

ENRICHMENT COURSES • JULY 5 – AUGUST 5 • ALL COURSES MEET FOR ONE HOUR

Please note that times and course offerings are subject to change based on enrollment.

ELEMENTARY, GRADES 1-5

ELEMENTARY CLASSES for GRADES 1, 2, AND 3 (THREE-HOUR BLOCK)

This year, we are excited to once again offer a "full day" experience (3 hours) for our youngest students! Children entering grades 1, 2, and 3 will spend their morning honing their skills in reading, writing and mathematics, building a sense of community and preparing for the next school year. This is a great opportunity to get used to the elementary day! Classes will ALSO involve 45 minutes of daily push-in enrichment (8 days each of music, science, and Spanish, as well as some other special units of study!).

If your child is entering 1st grade, sign up for "Elementary – First Grade"

If your child is entering 2nd grade, sign up for "Elementary – Second Grade"

If your child is entering 3rd grade, sign up for "Elementary – Third Grade"

Availability: 8:30 am – 11:30 am (Period 1, 2, AND 3; three hours total)

Fee: Early Bird Registration is \$1,1113 (by May 13th); Regular Registration is \$1,326 (by June 3rd)

MATH 4

Preview important concepts that will be covered in 4th grade Math!

Availability: Period 1 (8:30 am – 9:30 am) OR Period 3 (10:30 am – 11:30 am)

LITERACY 4

Prepare for 4th grade reading and writing in this two-hour block!

Availability: Periods 1 AND 2 (8:30 am – 10:30 am) OR Periods 2 AND 3 (9:30 am – 11:30 am)

MATH 5

Get ready for fifth grade math! We will cover place value, reading and writing numbers up to ten million and expressing them in various forms (standard, numerical, and word); comparing and ordering numbers; and problem solving!

Availability: Period 1 (8:30 am – 9:30 am) OR Period 3 (10:30 am – 11:30 am)

LITERACY 5

Prepare for 5th grade reading and writing in this two-hour block!

Availability: Periods 1 AND 2 (8:30 am – 10:30 am) OR Periods 2 AND 3 (9:30 am – 11:30 am)

BEGINNER MUSIC: Woodwinds, Strings, or Brass (choose a category based on instrument)

Learn to play a new instrument! No previous music background is required! You must have the instrument with you to participate (see the "Music" section for information for renting/purchasing an instrument).

Availability:

For Grades 5-9*: Period 2 OR Period 3

*Please note: There will NOT be transportation for students attending Period 2 or 3 in grades 5-9 from rec sites. A student taking Music during period 2 or 3 MUST be enrolled in other enrichment courses, or can be dropped off and picked up by a parent.

For Grade 4:** PERIOD 3 ONLY (10:30 am – 11:30 am)

Please note: Transportation for 4th (and 5th graders) attending Period 3 "Beginner Music" will ONLY be provided for 4th (and 5th graders) attending a GNPS Recreation Site (Parkville or JFK). If a 4th grader wants to take "Beginner Music" and **IS NOT in Recreation or taking Literacy 4 from 8:30 am – 10:30 am, transportation will NOT BE PROVIDED.

MAKE MUSIC: BAND & ORCHESTRA (choose based on instrument)

Intermediate Program for students with some experience playing an instrument. Play your instrument in a band. Learn pop, jazz, and classical pieces and perform in a concert.

Availability: Period 1 (8:30 am – 9:30 am) for Grades 5-9

ENRICHMENT COURSES FOR GRADES 5-9

Please note that course offerings and times are subject to change based on student enrollment.

If you register for a course that gets changed or cancelled, our office will inform you so that you can choose another course.

Students can take up to three courses.

SCIENCE

NEW!!!

THE BRAIN AND THE BODY

Did you know that your eyeballs are an extension of your brain? Or that the human brain weighs three pounds?! In this intro to neuroanatomy class, you'll learn a lot of fun facts about the human brain, how it works, and how it controls the human body... you'll be fascinated when you realize how much the brain actually does! Come and learn about the brain and human body through a series of fun and interactive inquiry-based activities using your... (you guessed it!) brain.

Availability: Period 2 or 3

ENRICHMENT BIOLOGY

Learn the basics of living things, including cells and the human body systems. This course explores many areas of biology! A great intro course for any students in all grade levels interested in biology, and especially recommended for students entering 9th Grade at South High.

Availability: Period 1 or 3

ENRICHMENT EARTH SCIENCE

Learn about how the earth works! In this class, we will explore major units of the rigorous 8th grade Earth Science curriculum, which all incoming eighth graders will take in September. Join us in Earth Science and start the year with confidence! This course is strongly recommended for incoming eighth graders at both North Middle and South Middle School, and is taught by a current 8th grade Earth Science teacher in our district.

Availability: Period 1, 2, or 3

FORENSIC SCIENCE

Do you have what it takes to become a forensic scientist? Are you excited to examine evidence and catch some criminals? Learn the scientific processes and procedures involved in solving crimes... we'll study fingerprinting, DNA analysis, evidence patterns, document authentication, and more!

Availability: Period 2

NEW!!!

MARINE BIOLOGY

Have you ever wondered how life lives under the sea? Do you want to explore life under the water? Come and find out about the different creatures that inhabit the sea, how they function, and what problems they face. This class will also fully study the cool species of fish that live in the Marine Bio lab at South High! Come and meet our different fish.

Availability: Period 1

LIFE SKILLS & FAMILY AND CONSUMER SCIENCES

BECOMING A MIDDLE SCHOOLER (for 6th and 7th Graders)

Learn what it takes to succeed in middle school! Incoming 6th graders will preview major thematic units, navigate Google Suite and popular iPad apps, and learn to organize their time and open a locker. Incoming 7th graders will learn to navigate the huge shift between sixth and seventh grades; we will cover important academic and organizational skills, subject-specific themes, iPad apps, and more! **Availability: Period 1**

CHESS, CHESS, CHESS!

Calling all future chess champions! Have you ever wanted to beat someone at chess? Have you ever wanted to play in a chess tournament? Do you just want to learn how all the pieces on a chessboard move? Players of any level will learn new rules and strategies to improve their game! **Availability: Period 3**

D.I.Y.: COOK, CRAFT, CREATE

Join the popular world of DIY (do it yourself) project fun! Learn how to make fun and simple projects such as recipes, accessories, gadgets, and more! **Availability: Period 1, 2, or 3**

FIRST AID

Learn about first aid, safety, and injury prevention from head to toe. All participants will receive a two-year certification from the American Heart Association in CPR/AED for Adult, Infant, and Child!

Availability: Period 1, 2, or 3

NEW!!!

GET UNPLUGGED!

Unplug yourself! Let's have some fun as we learn board games, card games, word games, and more! We will learn some new games, share gaming strategies, and learn how to think outside of the box. No charging, no phones, no wires, no technology... just some good old-fashioned fun! **Availability: Period 1 or 2**

INTO TO SPANISH

¡Bienvenidos a la clase de español! In this course, students will develop basic proficiency in the areas of reading, writing, listening, and speaking Spanish. Students without any prior Spanish experience as well as those looking to reinforce fundamental skills are welcomed. **Availability: Period 1**

NEW!!!

JOURNALISM

"I've got the scoop!" Did you know that this phrase means to get the details for a story before anyone else? Join us as we become journalists! Learn how to gather factual information, evaluate sources for bias, format stories, and much more! We will also create a summer school newsletter, complete with current event articles, op-eds, advice columns, video game reviews, and more. **Availability: Period 2**

NEW!!!

MINDFULNESS

Come and put your mind at ease! Take a walk through nature, ground yourself with breathing activities, focus your mind on brain games and word puzzles to de-stress, color your worries away, and practice the restorative art of journaling... and more! You will feel refreshed, renewed, and stress-free, and equipped with many stress-reducing strategies to conquer any challenge you face! **Availability: Period 3**

SEWING AND SUCH!

Learn how to use a sewing machine while making practical, creative projects. **Availability: Period 1, 2, or 3**

SPEECH CRAFT: INTRO TO PUBLIC SPEAKING

How we communicate with others is central to our satisfaction, fulfillment, and success in life. Activities include rap, pantomime, talk show, improvisation, and a mock trial. **Availability: Period 2**

SOCIAL STUDIES AND LAW

A CALL TO ARMS (5th – 8th graders only)

"If America didn't fight so many wars, social studies would be so much easier." While spoken by an agitated student in 2006, the truth is, with or without wars, US history is fascinating, especially when we study the history of various wars throughout our nation's history! In this class, we will study the history of American conflict. From the pre Revolutionary War to Afghanistan, and everything in between, we will discuss some of the most significant conflicts in our nation's history and the effects on our modern society today.

Availability: Period 2

THE LAW AND YOU

How much do you know about US law? Learn about the Bill of Rights, the Supreme Court, and other aspects of our legal system and what your individual rights mean for everyday life. We will focus on the legal process of what happens from the time of arrest through all the motions of the legal system and trial verdicts. A great course for those who are passionate about law.

Availability: Period 3

WEIRD & WILD EVENTS

Who shot JFK? What happened to the lost colonists of Roanoke? What happens when a volcano erupts or when a tsunami strikes? In this class, you will learn about the impact of famous natural disasters and you will solve famous historical mysteries, all while reinforcing your research skills!

Availability: Period 3

SOCIAL STUDIES 6

Focus on geography, time, people, and places along a historical continuum from the dawn of prehistory to European exploration of the New World. Explore the changes in our world across time and the influences of ancient cultures and European ideas on western civilization and current events.

Availability: Period 1 or 2

SOCIAL STUDIES 7 (American History 7)

Get ready for success in the first year of a two-year sequence focusing on United States history. Cover topics such as the colonization of North America, the American Revolution, the writing of the U.S. Constitution, and the Civil War. We will continually evaluate current events as they relate to history to help students become global citizens.

Availability: Period 3

SOCIAL STUDIES 8 (American History 8)

Compare the geography of the USA to the world at large to foster a greater appreciation of our country and the rest of planet Earth. This class will focus on civics education, structure of government, as well as research skills and the elements of the 8th grade social studies curriculum.

Availability: Period 1 or 3

BUSINESS AND FINANCE

BULLS, BEARS & DREAMS

How would you invest \$100,000? Learn about the "Bulls" and "Bears" of the stock market. Follow your personal portfolio daily and learn how to buy, sell, and hold stocks.

Availability: Period 2

BUSINESS PROJECT

Create a real-life practical business plan for your own community. Practice roles of actual small businesses, including architecture, CEO, accounting, marketing, advertising, & interior design.

Availability: Period 1

PERSONAL FINANCE

Do you want to save money for college? Or have you thought about investing? Can you tell the difference between a debit and credit card? And do you dream of an early retirement? This course will provide students with an early path to becoming financially literate and engage with topics in an exciting and tangible way via the use of projects and games.

Availability: Period 3

ENGLISH, READING, AND WRITING

INTRO TO 6th GRADE TC READING

One of the first 6th grade Teachers College reading units focuses on the deep study of character and how characters are extremely complicated. We will read various short stories and watch movie shorts while considering complex character traits, how setting influences characters, and how characters help readers determine theme. We will also practice the fundamentals of nonfiction reading to prepare for the TC nonfiction reading unit. Finally, we will work on the mandatory 6th grade summer reading assignment due the first week school. *Students must have a copy of the summer reading novel that they have chosen.*

Availability: Period 2 or 3

WRITING 6

Sharpen your reading and writing skills to prepare for the rigors and high expectations for success in 6th grade English. We will review skills such as vocabulary development, sentence structure, as well as paragraph and essay writing.

Availability: Period 1, 2 or 3

INTRO TO 7th GRADE TC READING

We will prepare for the 7th grade Teachers College reading units of study. We will focus on reading and annotating for the elements of character, conflict, setting, theme, challenges, and connections, which are all part of the Characterization reading unit as well as their summer reading assignment. Students will have the opportunity to practice double entry journals, which are part of their 7th grade curriculum. This course will also give students a preview of minilessons that will be used during the Historical Fiction reading unit. *Students must have a copy of the summer reading novel that they have chosen.*

Availability: Period 2 or 3

INTRO TO 7th GRADE TC WRITING

This course will focus on two of the main 7th grade TC Units of Study for writing: Literary Essay and Independent Research Projects. Students will hone their literary essay writing skills that they were introduced to in 6th grade. Students will develop their own thesis statements, write strong introductions, explain and analyze text evidence, and focus on ending their essays with powerful conclusions. They will also develop their own mini research projects. They will focus on the process of researching and annotating, note-taking, and synthesizing their notes into writing about a topic. Students will receive guidance and feedback throughout the course and will leave feeling prepared for 7th grade writing.

Availability: Period 1

ENGLISH 8

This course is designed for students entering 8th grade in the fall. Explore various themes of literature and express yourself through creative writing. We will practice text and literary analysis, different writing styles, and we will also explore popular topics in English 8.

Availability: Period 3

ENGLISH 9

Read and discuss literature on a high school level to sharpen your analytical skills. We will read selections from popular high school texts and explore a variety of literary situations. Learn to write expressively and confidently as you prepare for high school.

Availability: Period 1

READING 8 AND 9

Make sure you're ready for high school with this introductory course. Learn and practice skills that make literary analysis and reading comprehension easier for you.

Availability: Period 2

GRAPHIC NOVELS

Work on developing your reading and writing skills through the study of graphic novels! We will learn the language that is necessary to reading and understanding various graphic novels. Enhance your literary skills as you create your own graphic novel (either digitally or by hand). You will develop the story arc, create the panels of a full graphic novel book, and design your own pages. You will leave the course with your very own unique graphic novel – with your own story and design!

Availability: Period 1

ARTS, COMPUTERS, & TECHNOLOGY

3D PRINTING

Experience Computer Aided Design from start to finish! You will use 3D printing to be an architect, video game developer, product developer, and artist!

Availability: Period 2

ARCHITECTURE

Learn the fundamentals of residential design. Design a one-story home to scale. Use Computer Aided Design software to render professional-style designs.

Availability: Period 3

CLAYMATION

Make your own animated film from start to finish! Create stories with clay sculptures that come to life with iStop and iMovie on the iPad!

Availability: Period 2

CLAY CREATIONS

Explore the art of clay! Learn specific techniques to create a vase, jewelry box, small animal sculptures, and other unique designs!

Availability: Period 3

DISCOVER SCULPTURE

Work with clay, papier-mâché, and wire. Create action figures, mobiles, and more!

Availability: Period 1

DRAWING THE WORLD AROUND YOU

Nobody sees the world the way that you do. Share your own unique point of view. Gain confidence in your art and learn the five basic drawing skills.

Availability: Period 2

FUN WITH FILMMAKING!

Learn the basics of TV and media production in a modern, professional studio. Make game shows, talk shows, music videos, and more!

Availability: Period 1, 2, or 3

GADGETS AND GIZMOS

Design and build model cars, boats, and hovercrafts, and engineer a Rube Goldberg maze.

Availability: Period 1 or 3

HOLLYWOOD HERE I COME!

Learn and practice star- and stage-quality acting skills.

Availability: Period 3

DRAWING AND PAINTING FOR BEGINNERS

Love to doodle? Learn to draw with colored pencil, pen, Sharpie, charcoal, pastel, and even glue. Explore the use of watercolor, acrylic paints, and by combining multiple materials.

Availability: Period 1

PAINTING: TECHNIQUES OF THE MASTERS

Do you love to paint? Learn the secrets of the Masters of Art such as Monet and Georgia O'Keeffe... 5 artists in 5 weeks!

Availability: Period 3

ROBOTICS

Design, build, and operate your own mechanical robot out of Legos. Then, participate in a variety of robot competitions, including robot races, capture the flag matches, and our always popular Battle of the Bots! We will use both EV3 kits and the brand-new Spike Prime kits to build and program. If you like to build, program, and/or compete, this class is for you!

Availability: Period 1

ROCKETRY

3... 2... 1... BLAST OFF!!! Build and launch model rockets.

Availability: Period 1 or 2

MATHEMATICS

COMPETITION MATH

Feel like winning a different kind of tournament? Participants will work on challenging math problems from these competitions: MATHCOUNTS, AMC 8, and Purple Comet. Working on these problems will build students' problem solving skills and prepare them for next year's competitions! Taught by the coach of North Middle's award-winning Math Team.

Availability: **Period 2**

NEW!!!

MATH PLAYGROUND

Do you want to learn how to creatively solve unique math problems? Come explore the creative side of math! In this class, we'll improve our problem solving skills and learn how playful, beautiful, competitive, and thought provoking math can be. Mathematical concepts are found in art and design, games, nature, and language. In this class, you'll see math in a way you've never seen it before!

Availability: **Period 1**

INTRO TO MATH 5 (*only for incoming 5th graders who are enrolled in Math 5*)

Get ready for fifth grade math! We will cover place value, reading and writing numbers up to ten million and expressing them in various forms (standard, numerical, and word); comparing and ordering numbers; and problem solving!

Availability: **Period 1 or 3**

INTRO TO MATH 6 (*only for incoming 6th graders who are enrolled in Math 6*)

Get ready for rigorous middle school math! Topics include: solving problems involving ratio and rate; operations with fractions and decimals; expressions and equations; statistics; and developing problem-solving skills involving real-world situations.

Availability: **Period 2 or 3**

INTRO TO EP MATH 6 (*only for incoming 6th graders who are enrolled in EP Math 6*)

Get a head start on the problem-solving skills needed to succeed in rigorous EP Math 6! Topics include: integer operations; solving algebraic equations and inequalities; the concept of a function; ratios and proportional reasoning; percents; and statistics.

Availability: **Period 1, 2, or 3**

INTRO TO MATH 7 (*only for incoming 7th graders who are enrolled in Math 7*)

Get ready for 7th grade! Topics include: translating word phrases and sentences into mathematical expressions; integer operations; solving and graphing equations and inequalities; functions; percents; ratios and proportional reasoning; and statistics.

Availability: **Period 2 or 3**

INTRO TO PRE-ALGEBRA (EP 7)

(only for incoming 7th graders who are enrolled in Pre-Algebra (EP Math 7))

Gain the problem-solving skills to succeed in rigorous Pre-Algebra! Topics include: solving linear equations and their systems; concepts of functions and using functions to describe quantitative relationships; analyzing two- and three-dimensional space; and applying the Pythagorean theorem.

Availability: **Period 1 or 3**

INTRO TO MATH 8 (PRE-ALGEBRA 8)

(only for incoming 8th graders who are enrolled in Pre-Algebra 8 (Math 8))

Set yourself up for success with a preview of 8th grade math! Topics include: solving linear equations and their systems; concepts of functions and using functions to describe quantitative relationships; analyzing two- and three-dimensional space; and applying Pythagorean theorem.

Availability: **Period 1 or 2**

INTRO TO ALGEBRA I (MATH 9) (*only for incoming 9th graders OR incoming 8th graders in Algebra I*)

Get a head start this summer on Algebra I! Topics include: solving multi-step equations and inequalities; working with and graphing a variety of different types of functions; solving word problems involving both functions and systems of equations; and using a graphing calculator efficiently.

Availability: **Period 1, 2, or 3**

INSTRUMENTAL MUSIC

Fee: Early Bird Registration: \$371 per class (register before 5/13)
Regular Registration: \$442 per class (must be registered by 6/3)

BEGINNER MUSIC: Woodwinds, Strings, or Brass (choose a category based on instrument)

Learn to play a new instrument! No previous music background is required! You must have the instrument with you to participate (see the "Music" section for information for renting/purchasing an instrument).

Availability: For Grades 5-9**:
For Grade 4**:
Period 2 OR Period 3
PERIOD 3 ONLY (10:30 am – 11:30 am)

**Please note: Transportation FROM GNPS Recreation Sites (Parkville and Saddle Rock) will ONLY be provided for 4th and 5th graders taking Period 3 "Beginner Music." Students who are taking 1st Period Make Music or 2nd Period Beginner Music should either sign up for a full three-period Enrichment schedule or will need to arrange for their own transportation to and from school.

MAKE MUSIC: BAND & ORCHESTRA (choose based on instrument)

Intermediate Program for students with some experience playing an instrument. Play your instrument in a band. Learn pop, jazz, and classical pieces and perform in a concert.

Availability: Period 1 (8:30 am – 9:30 am) for Grades 5-9

TRANSPORTATION FROM REC SITES FOR STUDENTS ATTENDING PD 3 ONLY

AFTERNOON MUSIC

JAZZ BAND.....12:30-2:00 p.m., Monday-Thursday ONLY! Fee: \$610

Students in grades 6-12 (or by audition), who play flute, clarinet, saxophone, trumpet, trombone, baritone horn, piano, electric guitar, bass/tuba and drum set.

CHAMBER MUSIC.....2:30-4:00 p.m., Monday-Thursday ONLY! Fee: \$610

Open to all string, woodwind, brass and percussion students in grades 6-12 or NYSSMA level 4,5,6.

*** TRANSPORTATION WILL BE PROVIDED AT 2:00 P.M. AND 4:00 P.M. ***

* Instrument rentals are available through the following vendors:

Catalano's Music Center
1017 Jericho Turnpike
New Hyde Park, NY 11040
516-488-2522

Laconia Music Center
410 Jericho Turnpike
New Hyde Park, NY 11040
516-352-4070

* Please contact Mr. Michael Schwartz (mschwartz@greatneck.k12.ny.us) for any questions concerning the music courses and renting instruments if you cannot get in touch with the above vendors.

AFTERNOON MUSICAL THEATER

Tuesday, July 5 – Friday, August 5
11:45 a.m. – 2:45 p.m.

We are excited to once again present our Summer Musical Theater Program! Over the course of five weeks, you will have the opportunity to shine onstage while learning and strengthening your performing skills and techniques in acting, singing, and dancing through theater games, choral singing, and choreography. And then, after all of this fun and exciting work, the summer will culminate in a fully staged performance of a popular musical with live music, costumes, sets, and lights!

Availability: Grades 5-9

Fee: Early Bird Registration Fee: \$1,113 (register by May 13th)

or **Regular Fee: \$1,326** (must be registered by June 3rd)

Time: 11:45 am – 2:45 pm (three hours) for five weeks

Transportation will be provided home at 2:45pm

If students are in the morning enrichment program, they can stay on campus until Musical Theater begins (please bring lunch).

If students are not in the morning enrichment program, they must be driven on their own in time for the program to start at 11:45am

GREAT NECK SUMMER SCHOOL PROGRAM

BOARD OF EDUCATION:
