

I submitted my application... Now What?

Some things to consider/follow-up on after you
"hit submit"

- ☐ **READ your email!** You will receive communication from the college with follow-up information.
- ☐ Check the admissions website for application requirements.
- ☐ Log in to the **applicant portal** to check your status for each school. Write down your passwords. This is where you find out decisions and if anything is missing!
- ☐ Does the college require the **SRAR (self-reported academic record)**? If so, complete/link.
- ☐ **Test scores:** Do you need to send them officially?
- ☐ Verify if the college requires **1st quarter grades and/or Midyear grades (after 2nd quarter)**
- ☐ If you applied to Macaulay/CUNY schools: Did I give my counselor my **CUNYFirst ID #?**
- ☐ Verify that all of the colleges you are applying to are on Naviance under **"colleges I'm applying to"**
- ☐ Verify that **letters of recommendation** have been requested on Naviance.
- ☐ **Financial Aid:** Did you complete all documents: FAFSA and CSS Profile (if required - check website)?
