

# AP Exam Review Classes

**Held live on Zoom! Register from the online events calendar to receive Zoom meeting link and an e-mail reminder.**

## **AP World History** **WEDNESDAY, APRIL 28** **at 5:30 to 8:30 pm**

Prepare for the AP World History Exam with Curvebreakers. The review class will cover the cultural, economic, political, and social developments that have shaped the world from c. 1200 CE to the present. An instructor will review sample questions from all sections of the exam, including multiple choice, short answer, document-based, and a long essay prompt, helping students form evidence-based historical arguments.

## **AP Biology** **MONDAY, MAY 3** **at 5:30 to 8:30 pm**

Prepare for the AP Biology Exam with Curvebreakers. An instructor will help check your understanding of the biological concepts tested on the exam, as well as your ability to utilize the scientific method and analyze data. The multiple choice and free response sections both make up 50% of the exam. The instructor will review sample questions from both sections and best practices on how to interpret and evaluate experimental results when answering free response questions.
