PETTY CASH FUNDS

INFORMATION

Attached for Board of Education consideration is a new policy: ***Petty Cash Funds (6670)***. This policy serves to codify the District's existing practices with regard to Petty Cash Funds, and establishes additional safeguards for the management of such funds. There have been no changes since its second reading on 3/9/17, and it is being submitted for a third reading and possible adoption.

PETTY CASH FUNDS

Petty cash funds shall be established at each District building or department (as necessary) for the purchase of paying for small purchases of materials, supplies or services under conditions requiring immediate payment. The amount at any location may not exceed \$100.

At the Annual Organization Meeting the Board of Education, upon recommendation by the Superintendent of Schools or his/her designee, shall identify the appropriate petty cash funds location in each building or department. The Board shall also appoint a custodian for each petty cash fund, who shall administer and be responsible for that fund.

To ensure that these funds are properly managed, the following guidelines shall be adhered to:

1. Receipts and cash-on-hand must always total the authorized fund amount. All disbursements from each fund are to be supported by receipted bills or other evidence documenting the expenditure.
2. Payments may be made from petty cash for materials, supplies or services requiring immediate payment. The District shall not pay sales tax on purchases from petty cash funds.

The District shall reimburse users of petty cash funds up to the extent of expenditures, with appropriate documentary support and as approved by the claims auditor. Petty cash funds should be closed out at the end of the school year, but no later than June 30.

ADMISSION OF NON-RESIDENT SPECIAL EDUCATION STUDENTS

INFORMATION

Attached for Board of Education consideration is a revised policy: ***Admission of Nonresident Special Education Students (5152)***. The revision affirms the Board's primary responsibility to provide educational opportunities for children who are legal District residents while allowing, under certain conditions, the admission of non-resident special education students. In addition, language has been added to ensure compliance with Federal and New York State law regarding homeless students. There have been no changes since its first reading on 3/9/17, and this revised policy is being submitted for a second of three readings. No Board action will be taken at this time.

ADMISSION OF NON-RESIDENT SPECIAL EDUCATION STUDENTS

The Board of Education affirms that its primary responsibility is to provide the best possible educational opportunities for the children who are legal District residents and who are of legal age to attend school, and as such does not generally permit non-resident students to attend District schools.

However, Federal and New York State law and regulations regarding special education encourage districts to seek special education placement in other districts if appropriate placement is not available in their home district. Such placement is considered less restrictive than placement in a BOCES (Board of Cooperative Educational Services) or private schools.

Occasionally, a request is received from the Committee on Special Education of another district for placement of a tuition student in the Great Neck Special Education Program. The Board of Education will consider such requests, on a case-by-case basis, under the following conditions:

1. All data, evaluations, etc. must be sent by the referring district to the Assistant Superintendent for ~~Psychological Services and Special Education~~ and Pupil Services.
2. The Assistant Superintendent for ~~Psychological Services and Special Education~~ and Pupil Services will determine whether an appropriate placement is possible.
3. The student and parents will be interviewed by the Assistant Superintendent for ~~Psychological Services and Special Education~~ and Pupil Services or his/her designee.
4. The Assistant Superintendent for ~~Psychological Services and Special Education~~ and Pupil Services will make a written recommendation to the Superintendent who will forward it to the Board of Education.
5. The referring district will be notified in writing of the outcome.
6. If the student is accepted, the referring district will be responsible for payment of all tuition charges and for providing transportation.

In accordance with the McKinney-Vento Homeless Education Assistance Act (42 USC § 11434a [2]) (McKinney-Vento) and New York State Education Law § 3209 (1), this policy is not applicable to homeless students who may not be currently residing in the District (see *Policy 5151 Homeless Children*).

SCHOOL ADMISSIONS

INFORMATION

Attached for Board of Education consideration is a revised policy: ***School Admissions (5150)***. The revision addresses the admission of a student when a District resident has assumed a documented parental relationship to that student, including placement in a family/foster home by a social services agency. In addition, the language regarding admission of homeless students has been updated to cite the McKinney-Vento Homeless Education Assistance Act. There have been no changes since its first reading on 3/9/17, and this revised policy is being submitted for a second of three readings. No Board action will be taken at this time.

SCHOOL ADMISSIONS

A person who is a legal resident of the Great Neck School District, and who attains the age of five years on or before the first of December of the year of entrance, or is more than five and less than twenty-one years of age, is eligible for admission into the Great Neck Schools.

All new registrants must present an original birth certificate* along with the parent or guardian's valid photo ID* at the District Office of Registration and Attendance before they will be allowed to register.

If the registration of children for the Great Neck School District is to be done by someone other than the parent, the adult must present the proof of the children's residency, the children's birth certificates, and a notarized statement from the parents authorizing that adult to register the children in lieu of the parents.

Residency Requirements

A student's residence is presumed to be the domicile of his or her parents, legal guardian, or other person in parental control. Ownership of property in the district does not constitute residency. The following required documentation must be presented:

1. Persons living in their own home or condominium must present:
 - a. Deed, closing statement or current tax bill (not mortgage or contract of sale)
 - b. 3 pieces of official mail, mailed directly or forwarded by the post office
2. Persons living in a co-op apartment must present:
 - a. Proprietary lease or closing statement (not stock share certificates)
 - b. 3 pieces of official mail, mailed directly or forwarded by the post office
3. Persons living in a rented house or apartment must present:
 - a. Current lease
 - b. 3 pieces of official mail, mailed directly or forwarded by the post office
4. Persons living with a school district resident—including relatives—must present:
 - a. The District's affidavit forms, signed and notarized
 - b. 3 pieces of official mail, mailed directly or forwarded by the post office

The above proof must also be shown when a family moves to a new home within the District, before a transfer or recording of a change of address can take place.

* Duly certified identification filed according to law is necessary for the protection of children.

5. Students who have established legal residency in the District, as defined above, but who, subsequently, are temporarily absent for such reasons as construction on the family residence, may continue to attend District schools until they move back into that residence, unless they establish a new residence outside the District. In order to facilitate the continued enrollment of their children in District schools, the District requires that parents or guardians provide prior notice of such a temporary absence and the estimated date of return, as well as the address of the temporary residence. The District may require such proof as it deems acceptable regarding the reason for the relocation.

The District shall not allow students to continue to attend its schools indefinitely, based solely on an expressed intent to return to the District. Therefore, the District may require such evidence as it deems acceptable regarding efforts to return to the District. Such evidence must demonstrate progress toward the goal of returning to the District, and may include but is not necessarily limited to such documents as a contract to build, purchase or lease a residence. Upon return to the family residence, the resident may be required to provide documentation acceptable to the District proving reestablishment of their residency. If the District learns that students no longer reside in the District, the District will terminate enrollment of such nonresident students in accordance with the law.

~~6. A person in parental control must present one of the following:~~

- ~~_____ a. Court-issued legal guardianship papers~~
- ~~_____ b. Court order granting custody~~
- ~~_____ c. Court appointment as foster parent~~

~~Other legal care and custody documentation will be referred to the Superintendent.~~

6. If a District resident assumes a parental relationship to a non-resident child, and takes charge or care of such child because:

- _____ a. He/she has been appointed as a legal guardian of the child by a court order; or
- _____ b. The parent(s) or legally appointed guardian(s) of the child (1) have died, (2) are in prison, (3) have been deemed insane, or (4) have been committed to an institution.
- _____ c. The parent(s) or legally appointed guardian(s) have relinquished custody and control over the child to another legally appointed guardian.

Affidavits provided by the District must be completed by the resident family and by the parent or person in parental relation. The affidavit shall state that a parental relationship has been undertaken because the parent(s) or guardian(s) fall into one of categories listed above. The resident family shall provide any additional proof required by the District that may include court records, proof of death, institutionalization, etc.

The District reserves the right to require additional information based on the information provided in the affidavit, the material provided by the resident family or any other source.

If a child is placed in a family/foster home by a social services agency of the New York State Department of Health, and that home is located within the boundaries of the District, the child may be admitted to the District's schools. Full tuition shall be paid in accordance with New York State Education Law, Section 3202, Subdivision 5 by the school district in which the child formerly resided (in which the child's parent or person in parental control resides).

7. Nothing in the preceding paragraphs shall prevent the exclusion of any non-resident student when such exclusion is deemed to be in the best interest of the District.

8. Pursuant to Part 100.2x of the Regulations of the Commissioner of Education the McKinney-Vento Homeless Education Assistance Act (42 USC § 11434a [2]) (McKinney-Vento) and New York State Education Law § 3209 (1), a homeless child, as defined in the Regulations of the New York State Commissioner of Education, may attend without payment of tuition, either the school district of origin, which the child was entitled to attend at the time he/she became homeless, or the school district of current location, in which the child temporarily resides.

Official Mail

Official mail may include original bank statements, credit card statements, income tax returns, insurance bills, medical bills, utility bills, etc. Either an electric or gas bill is acceptable, but not both. No personal mail, "junk" mail or electronic mail will be accepted.

Information regarding students who have moved out of the District can be found in Policy 5110 Student Attendance Areas.

Immunizations

Requirements

In order to be admitted to school, a child must meet the minimum immunization requirements specified in the most current Section 2164 of the New York State Public Health Law.

For new school entrants, the New York State Department of Health requires a certificate of immunization, from a physician or other authorized public or private health agency that administers immunizing agents, as to the types and complete dates of immunization.

Conditional Admission

Children with fewer than the required immunizations may be admitted if they show proof of having begun the required immunization series, and present a written documentation from their licensed health care provider for of the physician's appointment date(s) for the next series of immunizations.

Completed and cumulative health records from other school districts are acceptable as proof of immunizations. It is the responsibility of the registrant to obtain the records before registering.

Exceptions

Youngsters may be excused from immunization only as provided by New York State Public Health Law.

Medical and Dental Examinations

Newly registered students are required to secure a physical and dental examination within two weeks after enrollment and to submit the certification of these examinations to the health office of their schools. Examination forms will be provided during the registration process.

Appeals

The District Registrar will make all initial determinations regarding residency. Decisions made by the Registrar to deny or terminate enrollment shall be in writing, and a copy shall be provided to the parent, legal guardian, or person in parental relation, along with notification that the Registrar's determination may be appealed to the Board of Education. Such appeals must be directed to the Board of Education, in writing, c/o the District Clerk, and mailed or personally delivered within ten calendar days from the date of the Notice of Exclusion. A decision of the Board of Education may be appealed to the Commissioner of Education, in accordance with Education Law Section 310, within 30 days of the decision. The procedure for making such an appeal may be obtained from the Office of Counsel, New York State Education Department, 89 Washington Avenue, Albany, NY 12234.
