

MobyMax (Teacher Directions)

1) First log into MobyMax and make sure you have an active account. If you don't have an account or can't remember your log in information, contact Danielle Larson.

2) Then, when you're ready with YOUR account, you'll need to share students to your personal account. Log into Mobymax.com under the following email addresses depending on which grade(s) students are in:

grade6@greatneck.k12.ny.us

Password: northmiddle

grade7@greatneck.k12.ny.us

Password: northmiddle

grade8@greatneck.k12.ny.us

Password: northmiddle

(You will need to log in/out for each account to grab students in each grade level to add to your own roster.)

3) Then select Roster (see image below):

4) Then select “share students”:

The screenshot shows the 'Roster' management page. At the top, there is a navigation bar with 'Roster', 'Notifications', 'Messenger', 'Vibes', 'Help', 'Print', and 'Home'. Below this is a table of students with columns for Student, Username, Password, ID, and Registered. To the right of the table is a sidebar menu with various options. A blue arrow points to the 'Share students' option in the menu.

Find your students and “SHARE” them with your

personal email account

The 'Share Students' dialog box is open, showing two tabs: 'From your roster to another teacher' (selected) and 'To your roster from another teacher'. The 'School' is set to 'Great Neck North Middle'. There are two main sections: 'Select students to share:' and 'Select teacher:'. The 'Select students to share:' section has a 'Select all' checkbox and a list of students with checkboxes. The 'Select teacher:' section has a list of teachers with checkboxes. At the bottom, there are 'Sort by:' options (First, Last) and a 'Groups:' dropdown menu. A 'Share Students' button is located at the bottom right.

5) When you then log into your own account, you should see your students under the roster page. You can then sort them into groups by each of your classes as well.

The screenshot shows a web interface titled "Roster". At the top, there is a navigation bar with icons for Notifications, Messenger, Vibes, Help, Print, and Home. Below the navigation bar is a table with the following columns: Student, Username, Password, ID, Registered, and a column with icons for settings and deletion. The table contains five rows of student data. To the right of the table is a sidebar with a list of management actions. A blue arrow points to the "Create or edit group" option.
